

**APPLICATION FOR ADVANCED PLACEMENT *Government & Politics***  
**(12th grade & 11th grade elective)**

**Name of Student:** \_\_\_\_\_ (please print)

Advanced Placement classes are designed to provide academically talented students with the opportunity of completing college level coursework while in high school. The courses are very demanding in terms of time and effort. They require **at least eight to ten hours of outside preparation work each week.** There is also the possibility that there will be occasional meetings outside of the regular class schedule. Students are required to do summer reading and there will be an examination on this reading during the first week of class. Books and materials for the classes are often more expensive than those for other classes. There are usually four or five books for the class, and college texts are expensive. Students in Advanced Placement classes are required to take the Advanced Placement Examinations in May of the school year. There is a fee of approximately \$80 for these exams. Universities may award students credit and/or placement in more advanced classes for successful performance on the AP exams - how this is done varies with each college.

**What is covered in AP Government & Politics?** The class will focus on the following areas: theories of politics; the government and politics of the United States; comparative government and politics, specifically the political systems of Great Britain, Russia, China, Mexico, Iran, and Nigeria; the relationship between economics and politics; and the ethical questions of political and economic life. There is a strong emphasis on current national and international issues.

**Why should you enroll in an AP class?** (1) The classes are challenging, interesting and stimulating. (2) You will gain an in-depth understanding of the subject. (3) It is possible to receive college credit and/or placement if you do well in the class and on the AP Exam. (4) Colleges place a high value on students who enroll in AP classes. (5) You will learn valuable skills for successful performance in college (and at Judge).

**Who should enroll in AP classes?** (1) Students who genuinely enjoy the subject. (2) Students who enjoy challenges. (3) Students with strong reading and writing skills. (4) Students who have disciplined, responsible study habits. (5) Students who enjoy dealing with ideas. (6) Students who are more concerned with learning than with grades. (There is a good possibility that your grades will initially decline in an AP class when compared with grades in non-AP classes; this often reverses as the year progresses.)

**Please Note:** Once enrolled, students are required to remain in AP Government & Politics for the entire school year. After 1 semester, at the discretion of the teacher, students may be dropped from the course for any of the following reasons: (1) Academic performance below a C grade level. (2) Failure to submit work in a timely and responsible manner. (3) Inappropriate classroom behavior.

**SHORT ESSAY:** On a separate sheet of paper, type an organized and focused response to the question identified below. Your response should show serious thought and consideration; it should be an academic, not personal, response. The thoughts should be your own, not those of a philosopher or historian. Your response should not exceed one typed, double-spaced page. Your short essay should be attached to this application form.

**The Question:**

What did Supreme Court Justice Louis Brandeis mean when he said,  
**"The only title in our democracy superior to that of President...(is) the title of Citizen."**?
