Selling you textbooks back to MBS Direct

- 7. Once you have logged into your account or created a new one, it should bring you to the buyback screen like the one shown below. You will need to generate a quote that will be sent back with the books to MBS. You can do that by using one or both of the following methods:
 - (A) If you purchased books through MBS Direct this year, you can click on the "View previously purchased books" (red oval in the image below) and it should list the purchased books and any Guaranteed Buyback prices. Select the books you wish to sell back and add them to your quote.
 - (B) If you have books not listed in the previous purchase, you can enter the ISBN for the book in the box highlighted by the blue box in the image below. Multiple ISBNs can be entered, but the ISBNs must be separated by a comma. Once you have entered the ISBNs, click the "Price Your Books" button shown in the green oval. And you can select which you wish to add to the quote.
